Hand-Colored Ornament

Liven up the end of winter by turning a colored design into a colorful, hanging ornament.

You will need:

- [Design]{.underline} printed on card stock

- Two 3/4" paper fasteners

- String

- Colored pencils or markers

- Hole punch

- Scissors

Directions:

1. Color the printed design using pencils or markers.

2. Cut out the image and punch holes where indicated with black circles.

3. Cut the image into strips following the vertical black lines.

4. Put paper fasteners through the holes and fan out the strips as shown.

5. Add string at the top for hanging.
