THEATRE**

The prevalence of dementia in our community is rising. With that in mind and with November being Alzheimer's Awareness Month we invite you to join us to experience one man's journey through dementia. The Academy Award-winning movie "The Father" stars Anthony Hopkins and Olivia Colman.

At Skagit Adult Day Program, we provide a safe, loving space for folks with dementia and respite for their caregivers. At the event, you will have an opportunity to view a short video of our work at Bradford House, our Burlington home. Your attendance and generous support for our non-profit organization is greatly appreciated.
